## ROBERTS AND KITCHNER ARRIVE

But that Does Not Lessen the Impatience in London

GREAT CENTRAL ADVANCE ON BLOEMENFONTEIN

That is the Plan Englishmen Want to See Adopted Against the Boers

Even the Announcement of the Arrival of England's Greatest Generals on the Scene of Action Has Failed to Stem the Growing Impatience of Britishers

By Associated Press to the Journal.

London, Jan. 11.—Even the announcement of the arrival of Lord Roberts and General Kitchener at Cape Town failed to stem the growing impatience of the country at the prolonged inactivity in the main in the British camps, and the entire absence of news giving an adequate insight into the local situation.

The public and press being unable to form any just judgment as to the actual position of affairs, stories are rife that the inaction is forced on Buller owing to the exhaustion of reserves of ammunition, and even wild rumors of a shell famine at home.

It is almost universally assumed that with the landing of Roberts and Kitchener a prompt return will be made to the original plan of the campaign, namely, a great central advance on Bloemfontein, but enthusiasts admit that Roberts will be unable to move before the end of the month.

There was a rumor current today that a battle was progressing at Tugela river, but nothing could be obtained in corroboration of the report.

The war office denied the report that General Methuen had been recalled.

**STORM SWEEPS**

**JAPANESE COAST**

By Associated Press to the Journal.

VICTORIA, Jan. 11.—Advises by steamship Empress Japan tell of a fierce storm sweeping the Japanese coast December 24, by which 35 junks were lost and 171 persons perished. A tidal wave accompanied the storm by which 411 lives were lost.

**LITTLE TELEGRAMS.**

The Deutschland, the most powerful ship afloat of the Hamburg-American line, was launched at Stettin today. She is a 16,000-ton vessel, with a 22-knot speed.

A private letter, received at London from Kimberley, states that Cecil Rhodes, Rochfort Maguire and the Hon. Mrs. Maguire are all living in luxurious

ly appointed underground chambers, in the Kimberly diamond mine, secure from shot and shell. Their rooms are boarded all over, hung with carpets, lit by electricity and heated by hot air.

**PEOPLE LOVED  
FATHER M'GLYNN.**

By Associated Press to the Journal.

New York, Jan. 11.—The funeral of Rev. Edward M'Glynn, at St. Stephen's church, was the occasion of manifestations of public affection rarely witnessed.

During the forenoon fully 4,000 people looked upon the face of the dead priest.

From Erie, Pa.

Kurtz & Son yesterday received, from the Erie City Iron Works, the machinery for their box factory. Among the machinery arrived is a 22½ horse power boiler, and a 20 horse power engine. Workmen are now engaged, in placing the machinery in proper position, and the factory will be ready for the spring run.

**PENITENTIARY SUPPLIES.**

lier Bros. and John Hughes.

Farnk, of Portland. Striped cassimere

for convict suits, and also cassimere for

the suits given the men released will be

supplied by the Thos. Kay Woolen

mills.

Bid for sewing machine was not ac-

cepted. Supt. Lee did not think it

would pay to put \$60 or more into a

machine for the use for which one is

wanted, at present. He thinks he may

find a second hand machine that will

answer the purpose.

**Bowling Contest.**

The bowling contest between The Dalles team, and the home team will take place this evening at 8 o'clock at the Ellice club rooms and all may look for a lively game. The Dalles team consists of the following named gentlemen: G. Smith, Grant Mays, P. J. Stadhams, F. W. Houghton, R. Baldwin and W. L. Bradshaw. The home team will probably be represented by the following gentlemen: T. O. Barker, Dr. Wilson McNary, Geo. Hoyt, Frank Hughes and others.

**Willard Green, formerly of this city but now of Taunton, is in town looking after his property interests here.**

**City Hall Improvements**

Work will be resumed tomorrow on the task of ridding the city hall of bad odors, under direction of Chairman Burrows. It having been ascertained that bad air finds its way from the fire department stables under the floor of the rooms in other part of the building an endeavor will be made to plaster up all the avenues by which the entrance is

effected, and a ventilating pipe will also be arranged to carry off all bad air which may find its way in between the ceiling of the lower story and the floor of the second.

**THE STATE ROLLS.**

Shows Falling Off in Assessed Valuation of Property.

The assessed valuation of property in the different counties of the state, according to the summaries on file in the state department for 1898 and 1899 will be found below:

	1898.	1899.
Baker	2,571,064	2,775,790
Benton	2,581,534	2,625,272
Clackamas	4,109,620	4,367,990
Clatsop	2,418,578	2,566,165
Columbia	3,390,080	1,490,845
Coos	2,960,964	2,559,171
Crook	1,744,146	1,715,789
Curry	520,401	562,413
Douglas	4,805,186	4,057,690
Gilliam	1,254,691	1,005,364
Grant	1,131,826	961,263
Harney	2,181,505	2,333,780
Jackson	4,476,621	3,371,704
Josephine	1,141,885	1,149,305
Klamath	1,520,124	1,477,973
Lake	1,469,503	1,465,617
Lane	6,209,440	5,358,940
Lincoln	745,512	761,841
Linn	6,830,450	6,726,100
Malheur	1,154,638	1,188,273
Marion	8,057,583	7,927,287
Morrow	1,445,404	1,269,149
Multnomah	42,870,564	31,063,266
Polk	4,350,344	4,418,270
Sherman	1,231,665	1,338,365
Tillamook	1,092,388	1,257,491
Umatilla	6,608,134	6,889,038
Union	3,433,749	3,681,305
Wallowa	985,439	1,090,663
Wasco	3,072,290	3,142,632
Washington	4,485,770	3,288,210
Wheeler	5,003,651	845,677
Yamhill		4,920,268
Total	\$134,534,362	\$119,714,048

This is a reduction of \$14,820,314, and taken in conjunction with the governor's Thanksgiving proclamation makes a most incongruous showing.

It should be observed, however, that \$11,210,793, of this reduction is found in the Multnomah county rolls, and is probably a simple case of flimflam. Multnomah gets out of paying 1/4 of the amount of state taxes she would have to pay were her assessment as high as last year, and throws the burden upon the rest of the state.

The reduction in Crook, Gilliam and Grant are more than made up in Wheeler county, which has been carved from the three since the 1898 assessment.

It will be noticed that it is the "back" counties which show an increase, while the more advanced, and "smoother," sections fall in smaller figures.

**SHALL WE HEAR EMMA NEVADA**

Arrangements Are Being Made to Secure the Great Prima Donna.

Jack S. Hirsch, business manager of the great California prima donna, was in this city today in consultation with Patton Bros. with a view to making an engagement for the great Nevada. A preliminary canvass of the business part of the city was made and considerable encouragement was received, but not enough to insure the success of the undertaking. It is believed by Mr. Hirsch and the opera house management that the engagement will be justifiable, and as soon as a few further assurances are received a special solicitor will be sent

here to secure the remainder of the subscriptions and close the contract. The date upon which the great singer can come to Salem is January 20, and it is the general wish that this engagement can be consummated. If such should be our good fortune, the concert will take place at the M. E. church, as the Reed is booked for that evening. All who wish to secure tickets should report at an early date at Patton Bros' store.

**Annual Meeting at Unity Church.**

A well attended and enthusiastic meeting of the members of Unity church was held at Channing hall on Tuesday evening last to hear the reports of the officers and elect three trustees. The reports showed that the church was in good condition, all obligations discharged, arrangements were made for quite a payment on the church debt, which draws no interest and to refund the balance to be paid in ten annual installments.

Messrs. H. B. Holland, Carey Martin, and Mrs. J. N. Ryan were selected as trustees to serve for three years.

After a delicious supper served by the Woman's Auxiliary had been disposed of an informal discussion of parish affairs took place. In conclusion an unanimous request was made to the present pastor to continue in charge of the society for another year. Rev. Mr. Copeland will have been by next Easter seven years in Salem and has concluded to remain another year.

Forced Onto a Freight Train and Car-

**ried to Reasburg—An Awful**

**Deed.**

By Associated Press to the Journal.

CORVALLIS, Ore., Jan. 11.—Miss

Winnie Thorn, who disappeared Sunday night, was returned home on Tuesday morning's overland, in a most

wretched and shameful condition. Her

story and experience as told is one of the

worst crimes ever perpetrated in the

state.

She says that as she was on her way

to Latham from church services here,

the south bound freight train was just

this side of Latham taking wood. Just

before the train started two men caught

and put her on a flat car, she not know-

ing what transpired till the train got

nearly to Corvallis, when she was put

in a box car. Between there and Rose-

burg four men shamefully mistreated

her. The boxcar was locked, and she was

kept there until about noon the next

day, when two strange men let her out.

She went to a house and got something

to eat and ascertained where her uncle

lived, some two miles distant. Upon

reaching there she was given some food

and was brought back to the station and

was furnished a ticket for Cottage

Grove.

Marshal Miller took her home from

the station. When crossing the bridge

she attempted to jump in the river, say-

ing she was disgraced and had nothing

to live for.

Sheriff Withers and Prosecuting At-

torney Harris, of Eugene, came up and

are investigating the case. A physician

states the case is fully as bad as re-

ported. Three warrants were sworn out,

and the sheriff and constable left on this

afternoon's train for Roseburg, where

further developments will be made.

## A \$10,000 BRIBE TAKEN

That's What One Senator Testifies Clark Paid

LIEUTENANT NAVAL COMMANDER GREEN SUICIDES

Reciprocity With France is Proving a Hard Nut For the American Commissioners to Crack

By Associated Press to the Journal.

WASHINGTON, Jan. 11.—Campbell, at

torney for the memorialists in the case

of Senator Clark, of Montana, began the

redirect examination of Whiteside to-

day. Whiteside said that he had been a

supporter of Clark until the senatorial

election of 1893, when becoming con-

vinced that Clark was using money to

secure Republican votes for himself, he

withdrew. Whiteside was withdrawn

temporarily, to allow State Treasurer

Collins, of Montana, to testify.

State Senator Clark, of Madison

county, was next called. He testified

that he had received \$10,000, in \$1,000

bills, from Wellcome, and that the

money was given him on the express

condition that he would vote for Clark

as long as a vote was wanted.

**In the Senate.**

WASHINGTON, Jan. 11.—An unusual

amount of routine business was trans-

acted today. Among the bills intro-

duced was one by Spooner, providing

that when the insurrection in the Phil-

ippine is suppressed, the government of

the islands shall be vested in such

person or persons as the president may

direct until congress shall direct how

the islands shall be governed.

**Naval Command Suicide.**

WASHINGTON, Jan. 11.—The following

cablegram has been received from Ad-

miral Schley:

"Montevideo—Lieutenant Commander

E. E. Greene committed suicide

Wednesday evening. Arrangements

have been made for his burial ashore.

A board has been appointed to examine

into the circumstances and report."

Officers and friends at the department

are at a loss to account for his strange
